

Petition to the Massachusetts Legislature

To ensure a *secure green future* for ourselves and our children, we instruct our elected officials to support legislation that would

1) reduce greenhouse gas emissions in Massachusetts by 80% by 2020, and

2) phase out tax incentives for energy-intensive projects while expanding job creation programs for locally-owned businesses and cooperatives involved in renewable energy, conservation, and sustainable agriculture.

Please check box if you'd like your name added to the list of supporters on our website.
